### Billing and Payment

All prices are quoted in Great British Pounds and all payments shall be made in Great British Pounds. This agreement is subject to the jurisdiction of English law.

All prices exclude VAT unless otherwise specified. VAT will be charged at the prevailing rate when an invoice is raised by Adept to the Customer.

### Term and Renewal

The standard term is twelve months. Six month terms are available subject to a 25% surcharge of the pro-rata fee. Three month terms are available subject to a 50% surcharge of the pro-rata fee.

The Service will automatically renew and be invoiced 45 days before the end of each term for a further term unless otherwise cancelled in advance in accordance with the cancellation policy. Any change in term must be notified in accordance with the cancellation policy. Invoices are due and payable within 30 days of the date of issue.

The first term of website hosting for new Customers will commence on the date that the website prototype is delivered to the Customer on an externally accessible link.

### Cancellation Policy

The Customer may terminate this agreement or request an alternative term of service by giving Adept at least 45 days written notice before the expiry date of the Service.

Any notice of cancellation by the Customer or Adept shall not relieve the Customer of any obligation to pay fees accrued prior to such termination.

### Fees

The fees for the Service will be outlined to the Customer in a quotation from Adept. Fees will be invoiced either annually in advance or quarterly in advance, as specified in the quotation.

Any additional fees accrued by the customer in relation to the Service will be added to the next invoice produced by Adept. If additional fees exceed £45 an invoice will be raised immediately.

Adept reserve the right to vary prices between renewal dates; the Customer will be informed in advance of any changes at least 45 days before the expiry date of the current term. New prices will apply from the start of the next term of service. The Customer is under no obligation to renew the Service with Adept, however there will be a charge for any time spent by Adept in facilitating transfers, and the Customer must assume responsibility for ensuring site compatibility and for any disruption. Some facilities of the Customer’s website may cease to function correctly on some hosting platforms due to situations beyond our control.

## Resource Usage

The Customer will be provided with an account with specified disk space and data transfer allocations.

The disk space used by the account includes all files related to the website, including but not necessarily limited to email storage, Content Management System files, and log files. The Customer will be sent a warning email if their usage exceeds 80% of the designated limit.

The data transfer use is a measure of all data transfer both inbound and outbound from the Customer's account. This includes data transfer used for HTTP, Email and FTP purposes. In order to ensure continuity of service should a spike in traffic occur, Adept will not limit data transfer usage, however should the Customer exceed the designated data transfer allowance, additional fees will be charged. The Customer will be sent a warning email if their usage exceeds 80% of the designated monthly limit.

The Customer must not run, or allow to be run, any system intensive processes that could potentially affect the level of service provided to other customers of the system. Should Adept find a Customer is using a disproportionate amount of system resources, Adept reserves the right to disable the offending facility, or if necessary the offending site.

## Data Transfer Overages

If the Customer exceeds the allocated amount of data transfer for their Service in any calendar month, additional data will be charged at the following rates:

Up to 1Gb: £7.50, Next 24Gb: £2 per Gb. Any additional overage: £1.50 per Gb.

## Disk Space Overages

Disk space usage is recorded daily. If the Customer exceeds the allocated amount of disk space for their Service on more than 2 days in any calendar month, additional storage will be charged based on the peak usage at £2.50 per 100mb (or part of) per month.

## Refunds Policy
