

Standard Terms and Conditions

These terms and conditions regulate the relationship between the customer (“the Customer”) and Adept Design (Norfolk) Limited (“Adept”) and apply to the all services offered by Adept (“the Service”).

From time to time these terms and conditions may be reviewed and amended. Existing customers will be notified in advance of any changes being enforced. An up-to-date copy may be found on our website (www.adeptdesign.co.uk). Separate terms and conditions are published on our website for additional services such as website hosting and domain name registration which should be read in conjunction with this document.

Billing and Payment

All prices are quoted in Great British Pounds and all payments shall be made in Great British Pounds. This agreement is subject to the jurisdiction of English law.

All prices exclude VAT unless otherwise specified. VAT will be charged at the prevailing rate when an invoice is raised by Adept to the Customer.

Adept will raise invoices to the Customer at regular intervals through any project, with a final invoice upon completion of work by Adept. If a project lasts more than 60 days, or is delayed, an invoice will be raised for any work completed up to that point. Payment of invoices is required within 30 days of the invoice date.

Once work has been commissioned, any time spent working on the project by Adept will be recorded. Should the project be cancelled before completion, any work already completed will be invoiced for at our standard hourly rates. Any deposits paid to Adept in advance are non-refundable.

What’s not included

Goods and services other than those specifically listed on a quotation will be charged as additional expenses to the project. These include but may not be limited to: writing and editing of text, stock photography fees, music and video licensing fees, purchase of special typefaces, printing costs, website hosting, domain names and software licensing fees.

Meetings at the Customer’s premises are only included if stated in the quotation. Additional meetings held at the Customer’s choice of location will be at extra cost, which is dependent on location, duration and staff attendance. Reasonable meetings held at Adept’s premises are at no additional cost.

If the scope of a project changes from the initial quotation, additional charges will apply.

Supply, Proofing and Signoff

Final checking and signoff on all work completed by Adept will be the responsibility of the Customer. Whilst Adept takes efforts to ensure that no mistakes are present, Adept can make no guarantees.

Proofs for print jobs will be presented via Adobe PDF or as 4 colour process laser proofs. Digital jobs will be presented in a suitable digital format such as a browser based visual.

Authors Corrections

All materials provided to Adept by the Customer should be in their final form. Changes necessitated by the Customer’s revisions or additions following approval at any stage will be billed additionally at our standard hourly rate.

Supply of text and images

All text and images should be supplied in a suitable digital format. It is the Customer's responsibility to ensure that all images supplied are of a suitable resolution for the required use. Text should be provided in a format compatible with Microsoft Word.

All content supplied in hard copy or incompatible formats will be subject to additional charges for typing, scanning or converting.

Final content should be supplied to Adept before work is carried out to avoid additional costs being incurred for replacing content at a later date.

Stock Library Images and Photo Selection

Where stock library images are purchased on behalf of the Customer by Adept, the cost of these images plus an administration charge will be passed on to the Customer. Each stock library image will be subject to additional terms and conditions. Some stock library images will be licensed only for the original use, and would require additional licensing in order to be used for other projects.

Depending on the individual image's license it generally is not possible for Adept to supply the Customer with the image for other uses.

Some stock library images carry additional licensing requirements, such as the requirement to display a credit alongside the image. The Customer will be informed where this is the case.

Copyright

All materials provided by the Customer to Adept for the purposes of providing the Service will remain the copyright of the Customer where the Customer already owns such rights. The Customer is responsible for ensuring necessary permissions, model releases and licenses have been obtained for the use of any materials provided to Adept.

All materials produced by Adept will remain the copyright of Adept unless a separate agreement is reached regarding the transfer of intellectual property rights. The Customer will be assigned full design rights to the final output and have permission to use the output provided in the agreed capacity upon payment being made in full to Adept.

The Customer does not have permission to copy, resell or redistribute the materials produced by Adept without the express and written permission of Adept.

Adept may use elements from the Customer's project in its own promotional materials without restriction or permission. Adept may also use materials from the project as originally delivered for before/after representations.

Rush work

Adept's ability to meet deadlines is based upon the Customer's provision of all necessary information and approvals in a timely manner. Fees quoted are based on work performed during the course of regular working hours. Our office hours are Monday to Friday, 9am to 5.30pm, excluding UK public holidays and a period of closure over Christmas. Overtime, evening, rush, holiday and weekend work necessitated by the Customer's directive is billed at 1.5 times the standard hourly rate on which all pre-quoted projects are based.

Validity Period

All quotations shall be valid for 30 days. After this time fees and schedules may be subject to change. Proposals approved and signed by the Customer within the validity period are binding and quotations will be honoured subject to the defined scope of the project and the provisions within these terms and conditions.

Printing

While every endeavour is made to ensure the accuracy and consistency of printing, due to a variety of factors including environmental differences and availability of materials there may be some variation in colour and finish between print jobs. A higher level of consistency may be available using Pantone matched colours and specific brands of materials, please request this at the point of quoting if this is required.

Due to the nature of the printing process, quantities specified are approximate. The customer shall not be entitled to reject the products if up to and including 10% more or less than the quantity ordered is delivered.

Print lead times are always estimates. A guaranteed lead time may be available on some products subject to additional costs. If the customer does not sign off print ready artwork at the agreed time and date, lead times will vary.
